

UV-A 365 Torch Light

Clearer UV-A Light

UV-A torch has a purer light colour and equipped with a tempered black filter lens, which can effectively remove white light, resulting in clearer indications.

Professional 365nm Torch Light

UV-A wavelength of 365nm is best suited for the detection of fluorescent agents.

High Quality Design

Torch light is made of high-quality aluminium, which is durable for heat dissipation. Easily rechargeable with onboard USB- C port.

Lightweight and Portable

Torch light is small and powerful UV-A LED; it is convenient for required usage.

More Features:

- Rugged, durable aluminium housing
- Long-lasting UV-A LED protected by lens
- UV-A pass filter
- Rechargeable battery
- USB type C charging
- Auto shut-off
- 8 hours run time

Product Properties

Battery capacity	3.7 V, 8.5 Wh, 2300m Ah
Wavelength of UV radiation	365 nm
Run time	8 hours
Number of rechargeable batteries contained	1
Type of rechargeable battery	Lithium-ion
Power supply	Rechargeable battery
Overall length	125 mm
Head	25 mm
